TARP CERTIFICATION FORM

Any overhead tarps that are over or less than 10 feet away from any open or exposed flame must be flame retardant and certifiable as per Section 2404 of the 2009 International Fire Code. The label on the tarp must state that the tarp is NFPA 701 or CA Title 19 certified. All of the information in the "Label", Section 2404.3 and "Certification" section 2404.4 must be documented and remain on file in the SRW office for the Fire Marshall to inspect upon request.

Member's Name _____ C# _____ S# _____

Address _____ City, State _____ Zip _____

Where Purchased _____ Address _____

Date Purchased _____

I am requesting certification of my fire retardant tarp. My tarp meets the certification standards set forth in Section 2404 of the 2009 International Fire Code.

Check which applies: _____ My tarp label states it is compliant with NFPA 701 and/or CA Title 19 and I have submitted a clear photo of my label along with copies of any certification paperwork to the SRW Campground Office.

_____ I treated my tarp with a flame retardant chemical. I have provided the SRW Campground Office with all of the Certification information as set forth in Section 2404.4 of the 2009 International Fire Code.
