

Lodge / Pool Reservation Request

To assure non-conflicting activity times, prior scheduling must be made with the site Caretaker/Manager for any guest / group activity in the lodge and/or pool. A scheduled event in the lodge or pool by a member does not preclude other members from using the facility during the time of your event; it does prevent another member from using lodge for an event (gathering of number of people).

Name _____ Circle# _____ Site# _____

Location being requested: (circle location choice) LODGE or POOL

Type of event _____ # of people attending _____

Date Requested _____ Alternate Date Requested _____

Time of Event _____ Duration of Event _____

Requests, Notes, Questions, etc.... _____

Members reserving the lodge/pool for an event are required to clean up the area used after the event (clean-up and remove all trash, clean kitchen, tables/chairs and sweep/vacuum the floors if needed), basically leave the area you use as you found it or better. Members need to remember that your event and all guests attending must comply with all SRW and Lodge/Pool rules. All events must be respectful of other members use of SRW facilities and their adjacent campsites to the Lodge/Pool area. Events need to be scheduled during normal daily Lodge/Pool Hours and must be respectful of Quiet Hours (10pm – 9am). During your event other members are allowed to use the facilities that you have reserved, but they are not allowed to hold another event at the same time. Large groups may not be allowed to use the pool which is decided on a case by case basis by the SRW Board of Directors.
